Setting Crown

Setting Crown Positions

1 > Winding position.

2 >> Stops second hand, setting minute and hour hands position.

WINDING / SETTING LOCAL TIME

Position 1 : **Winding your watch**

Turn your crown clockwise until fully wound. Do not force the crown when it stops turning. By forcing the crown, you may break the mainspring.

1

2

Position 2 : **Setting your watch**

Gently pull your setting crown out one notch. Now wind clockwise or counter clockwise to set at the correct time.

NOTE: If your watch stops, it must be manually wound.
